SUNGARH TEX LTD.

## 100% EXPORT ORIENTED SPINNING MILL

## ABOUT SUNGARH TEX LTD.

Sungarh Tex Ltd. is a Sister Concern Yarn Manufacturing Unit of Micro Fiber Group, contributing to the vertical integration and full backward linkage of the company.

Sungarh Tex Ltd. is dedicated to produce 100% export-oriented yarns of the richest quality, with majority consumption in the fabric and apparel export orders of Micro Fibre Group. With state of the art spinning technologies implemented, the factory is capable to produce 500 MT of yarn. With factory capacity standing at 36,000 spindles, full swing production continues for the orders of Micro Fiber Group.

Raw cotton is imported from sustainable sources, especially of CMIA (Cotton Made in Africa) standard, BCI (Better Cotton Initiative) standard, Organic and GOTS Standard and Oeko-Tex Certified Sources. Country of Origin of Cotton is Cameroon, Sudan, Burkina Faso, India, Pakistan and USA (for Contamination free).

Our Modern and Scrupulous quality control process coupled with the High-tech Testing Lab facilities ensures the highest quality standards in the yarn.
